BE FLOORED.
Centaur Floor Systems offers surfaces specifically designed for fitness, light commercial, and residential applications. When you purchase a Centaur Floor System your space will be more quiet, more ergonomic, and more acoustic because of the vulcanized composition rubber that is incorporated into every product.

HIGH DIVE

High Dive is durable safety flooring with a raised emboss for continually wet areas. The multi-colored chips in this surface are aesthetically pleasing and provide slip resistance.

APPLICATIONS:
- Swimming Pool Decks
- Showers
- Hydrotherapy Areas
- Barefoot Recreational Areas
- Changing Rooms

SPECIFICATIONS:
- 6.56’x65.62LF roll; 2mm thick
- Heat welded seams

BENEFITS:
- Embossed nubs provide great traction
- Higher slip resistance when wet
- FloorScore® certified

KITCHEN SINK

Kitchen Sink is a heavy-duty safety surface that features quartz crystals, aluminum oxide, and silicon carbide particles to ensure slip resistance in high-traffic areas. It can withstand high heat and oil and grease spills.

APPLICATIONS:
- Commercial Kitchens
- Walk In Cool/Freezer
- Food Preparation Areas
- Hydrotherapy Areas

SPECIFICATIONS:
- 6.56’x65.62LF roll; 2.5mm thick
- Heat welded seams

BENEFITS:
- FloorScore certified
- Can withstand high heat and extreme cold

To view color options visit centaurfloors.com

HALL PASS

Hall Pass is a basic heavy-duty safety surfacing that features quartz crystals, aluminum oxide, and silicon carbide particles that improve traction and safety underfoot and is ideal for day-to-day applications.

APPLICATIONS:
- Hospitals
- Schools
- Retail
- Health Clinics
- Laboratories
- Public Reception Areas
- Bathrooms/Locker Rooms

SPECIFICATIONS:
- 6.56’x65.62LF roll; 2mm thick
- Heat welded seams

BENEFITS:
- Polyurethane reinforcement (PUR) inside
- FloorScore certified

To view color options visit centaurfloors.com
RIPTIDE

Riptide is the ultimate homogenous surface. This attractive, high-performance, heavy-duty floorcovering features a duo-tone, marbleized look, along with PUR, resulting in a low cost and minimal maintenance.

APPLICATIONS:
- Hospitals
- Schools/Offices
- Retail
- High Traffic Areas
- Food Service
- Transit Terminals
- Hotels

SPECIFICATIONS:
- 6.56’x65.62LF roll; 2mm thick
- Heat welded seams

BENEFITS:
- FloorScore certified
- Non-directional
- PUR coating – no waxing, sealing, or stripping required
- Made with 25% recycled content

To view color options visit centaurfloors.com

BE SAFE

SANDBAR

Sandbar provides the best bang for your buck! This heavy-duty marbleized homogenous surface features a subtle blend of light to dark tones. Its PU finish makes it ideal for heavy trafficked areas that require an attractive surface that’s easy-to-maintain.

APPLICATIONS:
- Hospitals
- Schools
- Retail
- High Traffic Areas
- Food Service
- Transit Terminals
- Hotels

SPECIFICATIONS:
- 6.56’x65.62LF roll; 2mm thick
- Heat welded seams

BENEFITS:
- FloorScore certified
- International Maritime Organization certified
- PU coating
- Made with 25% recycled content
